SOFTWARE LICENSE AGREEMENT

Center for Supercomputing Research and Development
Operated as a Group in the Coordinated Science Laboratory
University of Illinois

Under this Agreement, The Board of Trustees of the University of Illinois ("University") provides software ("Software") described in Attachment A, attached hereto and incorporated, to *licensee name* ("Licensee") subject to the following conditions:

1. The University grants, and Licensee accepts, a paid-up, nonexclusive, non-transferable license to use, display, install, copy, and distribute the Software for its internal use. Licensee may, at its own expense, modify the Software as necessary, subject to an obligation to provide University with a copy of all such modifications. Any such copy or portion thereof shall include the University copyright notice.

2. THE UNIVERSITY GIVES NO WARRANTIES, EITHER EXPRESSED OR IMPLIED, FOR THE SOFTWARE AND/OR ASSOCIATED MATERIALS PROVIDED UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, WARRANTY OF MERCHANTABILITY AND WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

Licensee understands the Software is a research tool for which no warranties as to capabilities or accuracy are made, and Licensee accepts the Software "as is". Licensee assumes the entire risk as to the results and performance of the Software and/or associated materials. Licensee agrees that University shall not be held liable for any direct, indirect, consequential, or incidental damages with respect to any claim by Licensee or any third party on account of or arising from this Agreement or use of the Software and/or associated materials.

No support or maintenance for the Software is provided by the University.

3. Licensee understands the Software is proprietary to the University. Licensee shall not publish the Software, or sell, transfer, or disseminate the Software provided to Licensee under this Agreement to any third parties. Licensee agrees to take all reasonable steps to insure that the Software is protected and secured from unauthorized disclosure, use, or release, and to treat the Software with the same degree of care with which Licensee treats and protects similar proprietary information of its own against unauthorized public disclosure. If Licensee discontinues its use of the Software, it shall return all copies to the University, or destroy all copies and notify the University of such destruction in writing.

4. Upon execution of this Agreement and receipt of the required payment for the Software specified in Attachment A, University shall deliver to Licensee one (1) copy of the Software in binary and/or source code format, as requested. Both binary and source code for the Software shall be subject to all terms of this Agreement. Payment shall be by check payable to the "University of Illinois" and mailed to:

Center for Supercomputing Research and Development
University of Illinois
415 C&SRL
1308 W. Main
Urbana, IL 61801

5. In the event that Licensee shall be in default in the performance of any obligations under this Agreement, and if the default has not been remedied within sixty (60) days after the date of notice in writing of such default, University may terminate this Agreement by written notice. In the event of termination, Licensee shall promptly return to University the original and any copies of licensed Software in Licensee's possession.

6. In all uses of the Software, where appropriate, Licensee will credit the origins of the Software, or derivative works based thereon, to the author(s) and the Center for Supercomputing Research and Development, University of Illinois, for their role in the development of the Software.

7. Should Licensee wish to incorporate a substantial part or all of the Software, or a derivative work of a substantial part or all thereof into a commercial hardware or software product, Licensee will contact the University to negotiate appropriate contractual arrangements for such use.

8. This Agreement shall be construed and interpreted in accordance with the laws of the State of Illinois.

9. Licensee will not export or re-export the Software without the appropriate United States or foreign government license.
